

RESIZING WAX

HIGH-PRESSURE, NON-STICKY, NATURAL CASE WAX

PRODUCT DESCRIPTION

reSIZING WAX is an EASY CLEAN, HIGH-PRESSURE, NON-STICKY natural lubricant application designed for optimal coverage of brass casings during the re-sizing process.

30 ml | VLD - CSL30

RECOMMENDED APPLICATION

- reSIZING Case Wax is a natural application that will not impact primers or powders.
- This product is ideal for reloading smaller volumes of ammunition at a time.
- Add just a little bit of wax to your fingers and lubricate each case individually.
- The formulation requires the user to use this sparingly as the coating technology used will optimize the coating ability on the brass surfaces.
- This product is designed to optimize your re-sizing experience and aim to improve your process.
- This product is exclusively designed for VELDT reloading/brass re-sizing range and needs to be used for its intended purpose only.
- This product is not intended for lubrication use on wood, varnishes, coatings, plastic, and polymers.
