

RIFLEBUTTER XTREME

ALL PURPOSE GREASE FOR LUGS AND MOVING PARTS

PRODUCT DESCRIPTION

RIFLE BUTTER XTREME is a patented, modified performance technology grease formulated to withstand the toughest conditions while ensuring ultimate lubrication and protection. It will ensure the safe functioning of all types of firearms due to its excellent lubrication effect.

The composition of RIFLE BUTTER XTREME allows for high levels of corrosion resistance, wear and load-carrying properties, extreme mechanical stability, thermal stability as well as low-temperature performance.

RIFLE BUTTER XTREME managed to uphold its exceptional mechanical stability even in the presence of up to 50% more water than its competitors, showcasing its extreme water-resistant properties.

SYRINGE
10 ml | VLD - RFB10

PRODUCT INFORMATION

- RIFLE BUTTER XTREME has a smooth consistency, it stays where it is applied.
- Good thermal & mechanical stability with extreme pressure capability.
- High dropping point with good adhesive properties.
- **Temperature range (up to 300°C/ 572°F)**
- Excellent resistance to water & salt water with unsurpassed corrosion & rust protection.
- Extended greasing intervals with long service application life.
- Non- flammable

SPECIAL ABILITY

NOT RECOMMENDED FOR THREADS ON SILENCERS, MUZZLE BRAKES AND CHOKES.

MAKE USE OF CUSLICK GREASE PRODUCT FOR THESE APPLICATIONS.

The patented technology that gives RIFLE BUTTER XTREME its superior characteristics allows for unsurpassed technology to withstand extreme pressure and optimum wear-reducing properties without affecting stability.

Excellent for use on locking lugs, threaded components, and moving parts that require a thicker substrate for lubrication. RIFLEBUTTER can also be used to grease dies and reloading presses.
